Friends:

Over the last three and a half years, I have brought a monthly community walk to each part of the district. We held more than 40 of these events, and hundreds of volunteers have joined us and our community partners to participate in a service project in the neighborhoods we visit.

This year, I am hosting a monthly 'community day' in each part of the district. The event will still have a beautification component, as well as an opportunity for constituents to have an informal meeting with me and my staff, and build on the connections we have made over the last several years.

My next Community Day will take place on **Saturday, February 4, from 9-10 a.m., at 3010 Estara Avenue, in Glassell Park.** The event will be followed by a flash beautification project in partnership with the Glassell Park Improvement Association.

Joining me at the event: The Los Angeles Police Department, and our local Senior Lead Officers with the Northeast Division; The Los Angeles Beautification Team for removal of graffiti; the Los Angeles Bureau of Sanitation which will provide a roll off dumpster to collect bulky items; and my own CD13 Clean Team.

I look forward to seeing you on Saturday in Glassell Park.

See you then,

A handwritten signature in black ink that reads 'Mitch'.

TEAM MITCH MAKING A DIFFERENCE: SUNSET JUNCTION MEDIAN

MITCH O'FARRELL

COUNCILMEMBER, 13TH DISTRICT

SILVER LAKE - The CD13 Clean Team was hard at work beautifying the Sunset Junction Median! The crew removed weeds, "devil" grass, and litter. Next, the crew topped off the area with a mesh layer to prevent future weed growth, and distributed wood chips from the Griffith Park Green Waste Recycling Yard to complete the beautification project. See an area in your neighborhood that needs attention? Contact my community organizer Sylvan De La Cruz at 213-207-3015.

CITY COUNCIL APPROVES SIDEWALK VENDING ORDINANCE

CITY HALL - The Los Angeles City Council unanimously approved policy permitting and regulating street vending. "We made great progress today to license, support & regulate sidewalk vending," said Councilmember O'Farrell. "We can and will balance the needs of brick & mortar businesses with entrepreneurs who are working to get a leg up in our economy and provide for their families"

OUR WORK TO REFORM THE SMALL LOT ORDINANCE

LOS ANGELES - The City's Planning and Land Use Management Committee recently approved an initiative by Councilmember to reform the Small Lot Ordinance. The revised Ordinance will also encourage the use of existing structures and preservation of valuable architecture, such as classic California Bungalow Courts. This approach will result in projects that are designed to be more sensitive to existing residential communities, and create incentives that actually encourage the preservation and enhancement of older homes that contribute to the unique character of our neighborhoods and make communities more livable.
